

## UWCCC Translational Science BioCore Fee Schedule

| STUDY ACTIVATION FEES  | UWCCC Member Rates                        | Non-CCC Member Rates                        | Non-UW Rates                              |
|--|---|---|---|
| Simple Biospecimen Collection                                    | \$300.00                                  | \$360.00                                    | \$600.00                                  |
| Intermediate Biospecimen Collection                              | \$425.00                                  | \$510.00                                    | \$850.00                                  |
| Complex Biospecimen Collection                                   | \$775.00                                  | \$930.00                                    | \$1,550.00                                |
| TISSUES (FLASH FROZEN, FRESH)                                    | UWCCC Member Rates                        | Non-CCC Member Rates                        | Non-UW Rates                              |
| Tissue (normal/benign/malignant)                                 | consented: \$40<br>consent-waived: \$35   | consented: \$48<br>consent-waived: \$42     | consented: \$80<br>consent-waived: \$70   |
| Matched Tissue Pair: (Normal /Malignant; Normal/Benign)          | consented: \$88<br>consent-waived: \$77   | consented: \$105<br>consent-waived: \$92    | consented: \$176<br>consent-waived: \$154 |
| Unmatched Tissue Pair (Normal /Malignant; Normal/Benign)         | consented: \$80<br>consent-waived: \$70   | consented: \$96<br>consent-waived: \$84     | consented: \$160<br>consent-waived: \$140 |
| BLOOD  | UWCCC Member Rates                        | Non-CCC Member Rates                        | Non-UW Rates                              |
| Blood DNA (per sample) 1 mcg                                     | \$35.00                                   | \$42.00                                     | \$70.00                                   |
| Blood RNA (per sample) 1 mcg                                     | \$44.00                                   | \$53.00                                     | \$88.00                                   |
| Blood Buffy Coat (per sample) 0.5 mL                             | \$25.00                                   | \$30.00                                     | \$50.00                                   |
| Blood Plasma (per sample) 0.5-1.0 mL                             | \$17.00                                   | \$20.50                                     | \$34.00                                   |
| Blood Serum (per sample) 0.5-1.0 mL                              | \$17.00                                   | \$20.50                                     | \$34.00                                   |
| TISSUE RNA EXTRACTION  | UWCCC Member Rate                         | Non-CCC Member Rate                         | Non-UW Rates                              |
| Tissue RNA (per sample) 0.5 mcg                                  | \$70.00                                   | \$84  | \$140                                     |
| EQUIPMENT RENTAL<br>(*User brings own consumables)               | UWCCC Member Rates<br>(*rate per hour)    | Non-CCC Member Rates<br>(*rate per hour)    | Non-UW Rates<br>(*rate per hour)          |
| BioAnalyzer (Agilent 2100)                                       | \$35/chip                                 | \$42/chip                                   | \$70/chip                                 |
| Microtome* (Thermo Scientific Microm HM355S)                     | \$15*; assisted \$50*                     | \$18*; assisted \$53*                       | \$30*; assisted \$82.50*                  |
| Vibratome*   | \$12.50*; assisted \$47.50*               | \$15.00*; assisted \$50.00*                 |   |
| Cryostat* (Leica CM1900)   | \$25*; assisted \$60*                     | \$30*; assisted \$65*                       | \$50*; assisted \$102.50*                 |
| Cryostat* (Thermo Scientific Cryostar NX70)                      | \$25*; assisted \$60*                     | \$30*; assisted \$65*                       | \$50*; assisted \$102.50*                 |
| SAMPLE STORAGE (FREEZER)   | UWCCC Member Rates<br>(cost per box/year) | Non-CCC Member Rates<br>(cost per box/year) | Non-UW Rates                              |
| Liquid Nitrogen Freezer Storage                                  | \$100.00                                  | \$120.00                                    |   |
| -80°C Freezer Storage  | \$75.00                                   | \$90.00                                     |   |
| TISSUES (OCT EMBEDDED) FOR FROZEN SECTIONS ONLY                  | UWCCC Member Rates                        | Non-CCC Member Rates                        | Non-UW Rates                              |
| Embed investigator tissue in OCT                                 | \$1.00                                    | \$1.20                                      | \$2.00                                    |
| Set up time & 1st slide (Investigator Tissue)                    | \$4.65                                    | \$5.60                                      | \$9.30                                    |
| Additional standard/serial sections (custom sectioning add 20%): |   |   |   |
| 1 section per slide  | \$1.00                                    | \$1.20                                      | \$2.00                                    |
| 2-3 sections per slide   | \$1.50                                    | \$1.80                                      | \$3.00                                    |
| Additional step sections (custom sectioning add 20%):            |   |   |   |
| 1 section per slide  | \$2.00                                    | \$2.40                                      | \$4.00                                    |
| 2-3 sections per slide   | \$3.00                                    | \$3.60                                      | \$6.00                                    |
| Set up time & 1st slide (Repository Tissue)                      | \$10.00                                   | \$12.00                                     | \$20.00                                   |
| Additional sections (each)                                       | \$5.00                                    | \$6.00                                      | \$10.00                                   |
| RNAse-FREE technique - set up                                    | \$15.00                                   | \$18.00                                     | \$30.00                                   |
| H&E stain (per slide)  | \$4.80                                    | \$5.75                                      | \$9.60                                    |
| Slide Boxes  | \$7.00 (25) \$10.00 (100)                 | \$8.40 (25) \$12.00 (100)                   | \$14.00 (25) \$20.00 (100)                |
| PATHOLOGY SLIDE REVIEW   | UWCCC Member Rates                        | Non-CCC Member Rates                        | Non-UW Rates                              |
| Pathologist Slide Review/Interpretation (per hour)               | \$100.00                                  | \$100.00                                    | \$150.00                                  |
| Technical staff (per hour); includes tutorials, etc.             | \$38.00                                   | \$38.00                                     | \$57.00                                   |
