

Hello there! Please join us for the upcoming live demo webinar on how to use the FluoroFinder platform, an essential tool for building flow cytometry panels and designing fluorescent experiments.

As a researcher at University of Wisconsin -Madison, you have access to premium FluoroFinder features such as our fully integrated flow cytometry training course and our automated panel design software, IntelliPanel. Join the webinar to learn how to fully take advantage of the platform or email us at support@fluorofinder.com with any questions.

When: Tuesday, January 30th, 2024 at 10:30am CST

Where:

In Person: WIMR 7001A (in person)

Online: GoToWebinar – Scan the QR to sign-up
